

## Welcome to the Journey!

Our area is noted for its lakes, forests and agricultural countryside. As you travel some back roads to the artists' studios, horizon signs will mark the trail for you. You will see their work displayed, visit with the artists, be able to purchase original art and perhaps see the artist at work. You may drive the trail in any direction, start at any studio, and visit all or just some of the studios. For more information contact one of the members. If you are unable to come on the tour days, when special displays are prepared for you, many of the artists would welcome you on another day by appointment. You may also check out our web-site [www.northernhorizons.ca](http://www.northernhorizons.ca) and Northern Horizons – Journey of Creativity on [facebook.com](https://www.facebook.com/northernhorizons).
